

## Completed Project:

---

### Project Report

**Project Ref:** 19.02

**Name of Project:** Extra-Curricular Activities, Bhimsen Secondary school, Baglung

**Amount Supported:** 64.00 GBP

We are pleased to inform you that the project you kindly sponsored has now been completed. It was finished on the **May 18, 2005**.

Please find attached with this report a photo of the completed project.

#### **Comments from the school:**

*"This type of extra curricular activities helps to explore inner qualities of the students and also create environment for positive competition", Teacher*

*"Extra curricular activities give fun and also give a sense of team work", Student*

*"This project helped to create opportunity to develop sportsmanship to the students. And cultural show also helped to create awareness in the community. So, we thank PSD Nepal and JustAid, and hope for such support in the future too", School Committee*

**On behalf of the community who will benefit, many thanks for supporting this project.**

## Running costs for extra-curricular activities club for children from Bhimsen Secondary school

Project Reference: 19.01

### ► How will this project help?

94 student clubs have already been established throughout Nepal. These have been an immediate success, providing children from poor communities with the opportunity to take part in extra curricular activities, such as sports, conservation awareness, art competitions, gardening, plus many other activities. The groups are run by the students so they must learn to manage their budget, elect their own management board and organise all activities themselves. The management board has asked for contributions from the students to help with running costs, but each student can only afford 10 Rupees (10p) a year. Without help, they cannot afford the facilities to run the programme effectively. Your support with this project will give the 60 elected committee members the chance to provide a years activity program for some of the poorest children in Nepal. Up to 400 children in this area will benefit from the opportunity to take part for the first time in a wide range of activities that will encourage new interests, help build confidence and broaden their experiences.

### ► Cost of Project

Costs are given in the local currency, Nepalese Rupees (NRS). This is because all items are bought locally in Nepal to reduce costs and to support the local economy.

#### **Cost breakdown**

Running costs for one year = 5000 NRS  
Project Implementation Costs = 3200 NRS  
Total cost of project in local currency =  
8200 Nepalese Rupees

► **Total Cost of Project in Pounds**  
**=£64.06**

### ► Who needs help with this Project?

Students at this school have set up this club to provide out of school activities for all the children living in their area. Many of these children are from very poor communities and have never had the chance to take part in extra-curricular activities.

### ► Where is this project needed?

Baglung, Nepal

### ► Nepal Factfile

- ◆ Population: 23.1 million
- ◆ Average annual income: US\$ 220
- ◆ Often described as the "country of villages" with over 80 % of the population living in over 40,000 villages, some of which are located in remote mountainous regions.
- ◆ Only 28% of the population have access to adequate sanitation
- ◆ Every year 35,000 children still lose their lives due to diarrhoea.
- ◆ 76% of adult females are illiterate
